Date of Submission:

Device Name: POWDER-FREE VINYL EXAM GLOVE, YELLOW  
Class I Device, 80LYZ

Proprietary Name: (Multiple Labels) Powder-Free Vinyl Exam Glove, Yellow

Labels/Labeling: This device will be marketed to healthcare professionals at  
Dentist and Doctor Offices, Laboratories, Clinics and  
Hospitals through its intended use.

Intended Use: A patient examination glove is a disposable device intended  
For medical purposes that is worn on the examiner's hand  
Or finger to prevent contamination between patient and  
Examiner.

Substantial Equivalence: This device is equivalent to those in commercial  
distribution. They are to be worn as a protective device on  
the examiner's hand or finger, also protecting the patient.

Both in its intended use and/or physical characteristics, this  
Device is equivalent to devices currently marketed by U.S.  
Companies. It is **substantially equivalent** to the devices  
Manufactured by Shanghai Poseidon Plastic Products  
Company, Limited (K992979) and Glormed International ,  
(K002340).

EXHIBIT L

Re: K011413  
Trade/Device Name: Powder-Free Vinyl Examination  
Glove, Yellow  
Regulation Number: 880.6250  
Regulatory Class: I  
Product Code: LYZ  
Dated: May 4, 2001  
Received: May 8, 2001

Dear Ms. Tucker:

We have reviewed your Section 510(k) notification of intent to market the device referenced above and we have determined the device is substantially equivalent (for the indications for use stated in the enclosure) to legally marketed predicate devices marketed in interstate commerce prior to May 28, 1976, the enactment date of the Medical Device Amendments, or to devices that have been reclassified in accordance with the provisions of the Federal Food, Drug, and Cosmetic Act (Act). You may, therefore, market the device, subject to the general controls provisions of the Act. The general controls provisions of the Act include requirements for annual registration, listing of devices, good manufacturing practice, labeling, and prohibitions against misbranding and adulteration.

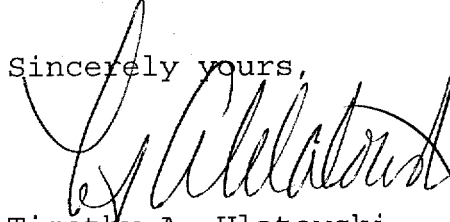

If your device is classified (see above) into either class II (Special Controls) or class III (Premarket Approval), it may be subject to such additional controls. Existing major regulations affecting your device can be found in the Code of Federal Regulations, Title 21, Parts 800 to 895. A substantially equivalent determination assumes compliance with the Current Good Manufacturing Practice requirements, as set forth in the Quality System Regulation (QS) for Medical Devices: General regulation (21 CFR Part 820) and that, through periodic QS inspections, the Food and Drug Administration (FDA) will verify such assumptions. Failure to comply with the GMP regulation may result in regulatory

action. In addition, FDA may publish further announcements concerning your device in the Federal Register. Please note: this response to your premarket notification submission does not affect any obligation you might have under sections 531 through 542 of the Act for devices under the Electronic Product Radiation Control provisions, or other Federal laws or regulations.

This letter will allow you to begin marketing your device as described in your 510(k) premarket notification. The FDA finding of substantial equivalence of your device to a legally marketed predicate device results in a classification for your device and thus, permits your device to proceed to the market.

If you desire specific advice for your device on our labeling regulation (21 CFR Part 801 and additionally 809.10 for in vitro diagnostic devices), please contact the Office of Compliance at (301) 594-4692. Additionally, for questions on the promotion and advertising of your device, please contact the Office of Compliance at (301) 594-4639. Also, please note the regulation entitled, "Misbranding by reference to premarket notification" (21CFR 807.97). Other general information on your responsibilities under the Act may be obtained from the Division of Small Manufacturers Assistance at its toll-free number (800) 638-2041 or (301) 443-6597 or at its internet address "<http://www.fda.gov/cdrh/dsma/dsmamain.html>".

Sincerely yours,

Timothy A. Ulatowski
